PROFILE

Video editor with 3+ years across post-production and motion design, focused on retention-driven short-form, UGC ads, podcast clips and YouTube long-form. Edited for **Ben Pakulski**, **Michael Chernow** and **Brandon Epstein**. A motion design background shapes the pacing, captions and graphics, and AI-assisted workflows speed up rough cuts and versioning without lowering the bar. Seeking a full-time remote role.

HIGHLIGHTS

1,700+	35	20–30	48 hr
edits delivered	creators & brands	edits per week	Shorts turnaround

EXPERIENCE

Freelance Video Editor · Yogesh Content · Remote — Dec 2023 – Present

- Edit Reels, Shorts, TikToks, podcast clips, YouTube long-form and UGC ads for international creators, coaches and personal brands across Instagram, YouTube and LinkedIn.
- Deliver **20–30 edits a week** with Shorts turned around in **48 hours**; manage review rounds on Frame.io.
- Own the full finish: motion graphics, captions, color grading and sound design (room tone, foley, music ducked under dialogue).
- Selected work: podcast reels for 6 Figure Formula and YaxVaani, ad reels for Elko, real-estate and crypto promos, personal-brand content.
- Took post-production fully off clients' plates, saving them **10+ hours a week**.

UX/UI & Motion Designer · GTS Infosoft · Jodhpur — Jul 2023 – Jan 2024

- Produced motion design and visual communication for digital products, working on timing, transitions, pacing and visual hierarchy.

UX/UI & Motion Designer · Kooky Infomedia · Jodhpur — Jan 2023 – Aug 2023

- Created animated visuals and motion assets for digital platforms in Adobe Creative Cloud, including frame-by-frame animation.
